

G3

INSERT FIREPLACE + AUTOFIRE®

Together at last!
V-Class fire +
G3's legendary heat.

Valor
FIREPLACES

Why Choose

Feel the heat.

All our gas fireplace radiate heat. Like feeling the sun on your skin. The best kind of heat there is.

Heater-rated

We're rated with space heaters so we put Radiant Heat Technology into every fire. You can feel it.

Works quietly.

We designed our gas fireplaces to move the heated air via natural convection at the rate of 120 cubic foot per minute—no need for a noisy blower.

Stainless Steel burner

Our precision stainless steel burners don't rust, and create an enhanced flame and ember glow that produces radiant heat.

Efficiency

Valor fireplaces are heater-rated. Our Radiant Zone Heating is up to 25% more efficient than central forced air systems.

valorfireplaces.com/why-valor

A Valor?

Improving heat

Our exclusive *Secondary Heat Exchanger* and our aerodynamic firebox naturally improve convective heat—without a fan.

Ceramic glass window

Valor's durable and robust ceramic glass window improves radiant performance by absorbing and distributing radiant heat.

No power?

No problem. All Valor gas fireplaces run on 4 AA batteries as the primary source of power—not as back-up power like other brands. And you'll save money on your electrical bill.

Outdoor-friendly.

All Valor gas fireplaces are rated for outdoors under a covered patio and use quality materials that exceed the requirements for outdoor use.

Logs provide heat.

High definition, low mass fiber ceramic logs heat up and glow quickly. We harness the radiating heat from our logs, just like real logs.

Built to last.

Our aluminized steel fireboxes handle high temperatures, delivering efficient radiant warmth. Our baked-on powder-coated paint offers a better texture and a more durable finish.

Safety

We put our fires through rigorous safety testing in our in-house CSA approved lab. We provide a screen with every fireplace to keep you and your loved ones safe.

Design your own.

Visit the Valor Fireplace Design Center to design your very own Valor Fireplace today.

1 LEGEND G3

The Legend G3 offers our tried and true fires that made the G3 a leader in the insert fireplace industry.

Continuing in popularity, the Legend G3 burners allow you to turn your fire down to a low glowing

ember—a desirable feature when you want to enjoy a fire but not necessarily a full one.

Expect the radiant warmth you've come to enjoy when you turn the fire up! To find out more, visit valorfireplaces.com/g3

2 LINERS

A liner can change the whole look of a fireplace and fire. Consider a firebox liner that complements your front as well as your fire bed.

Liners may appear differently when fire is on or when it is off. Visit a Valor dealer to see a liner in person or go to valorfireplaces.com

3 FRONTS

We offer a wide selection of fronts for your G3 insert fireplace. Consider the style of the room, and the fire bed and liner when choosing a front.

To see more front examples, visit your local Valor dealer or go to Valor's Design Center.

ENERGY EFFICIENCY

AUTOFIRE®

Valor AutoFire® improves your fire's initial startup, automatically adjusting air flow—fine tuning for peak performance, and improving seasonal operating efficiency.

SECONDARY HEAT EXCHANGER

The built-in Secondary Heat Exchanger naturally improves convective heat—removing the need for a fan.

With AutoFire and the Secondary Heat Exchanger, your G3 fire will heat up fast for immediate comfort and continue providing comfortable radiant and convective heat efficiently. With no need for electricity, you'll save money too.

SURROUNDS

Your dealer will help you select from the several sizes and styles to find the coverage your fireplace requires and the look you want. The surrounds below work with all G3 fronts, except the Contemporary Surround front.

SQUARE SURROUND

Our contemporary square surrounds are 2" deep when seen from the side.

CLASSIC SURROUNDS

These surrounds come in three styles and sizes to accommodate traditional and contemporary settings.

REMOTE

VALOR REMOTE—STANDARD

Every Valor fireplace comes with a remote. Your remote lets you select, adjust or program your desired temperature—the fire automatically adjusts to maintain the temperature of the room.

Your remote even allows you to turn your pilot light on or off from the comfort of your sofa.

To find out more, visit valorfireplaces.com/remote
